SIGNS TO BE AVAILABLE OPPOSING TOP GOLF FACILITY

The City of Hurstbourne has passed a resolution in opposition to the rezoning of their city for the building of a new Top Golf Facility in the former Sears store site in Oxmoor Mall. Some concerns of Hurstbourne residents are the eight story high net and lighting, the high volume liquor sales, and the additional traffic in their area.

The City of Bellemeade Commission supports the rights of fellow home rule cities to oppose commercial zoning changes near or within their borders. Therefore, the City of Bellemeade has authorized the appropriation of general funds, up to \$100, to pay for yard signs supporting Hurstbourne and opposing the rezoning. These signs will be made available to the citizens of Bellemeade free of charge for placing in their yards.

After Hurstbourne prints the signs, the Mayor will receive 30 of them and will make them available on a first come, first serve basis. So stay tuned to the Mayor's email alerts, the Bellemeade Forum Facebook page, and the Nextdoor app for notifications.
